

CARBONDALE'S THIRD CITY HALL

*CARBONDALE CITY HALL, 1892-1894.* This is the cut of the proposed building that was designed by Binghamton architect, Truman I. Lacey. This cut was originally published on page 4 of the August 13, 1892 issue of *The Carbondale Leader*. With only minor modifications in design, this is the building that was erected under the architect's supervision by W. D. Stevens of Binghamton and George H. Tryon of Carbondale in 1892-1894.
